

## If diagnosed with cancer, how will you pay for what your health insurance won't?

**The risk of developing cancer, unfortunately, is very real.**

Nearly everyone has experienced or knows somebody who has experienced a cancer diagnosis in their family. The good news is that cancer screenings and cancer-fighting technologies have gotten a lot better in recent years. However, with advanced technology come high costs. Major medical health insurance is a great start, but even with this essential safety net, cancer sufferers can still be hit with unexpected medical and non-medical expenses.

**Cancer coverage from Colonial Life offers the protection you need to concentrate on what is most important — your care.**

### **Features of Colonial Life's Cancer Insurance:**

# Group Cancer Insurance— Initial Diagnosis of Cancer Rider

The diagnosis of internal cancer can be an upsetting time. You do not need to add financial worry to what is already a very difficult situation. When you add an Initial Diagnosis of Cancer rider to your group cancer insurance coverage, you add a little more financial protection at the point you or an insured family member is diagnosed with internal cancer—a time before many medical costs are incurred.

## Rider Benefits

This rider pays a lump sum benefit for the initial diagnosis of internal (not skin) cancer. Use the benefit any way you choose, such as to help pay for deductibles and coinsurance on your major medical insurance or settle any outstanding debts.

## Rider Features

- Guaranteed renewable as long as your cancer insurance policy is in force.
- Covers the same family members as your cancer insurance policy.
- Pays benefits regardless of any other insurance you have with other insurance companies.
- Pays benefits directly to you, unless you specify otherwise.

This rider has exclusions and limitations. For cost and complete details of the coverage, see your Colonial Life benefits counselor. Coverage may vary by state and may not be available in all states. Applicable to rider form R-GCAN-Indx (including state abbreviations where used - for example: R-GCAN-Indx-TX).

## GROUP SPECIFIED DISEASE INSURANCE

### Outline of Coverage

(Applicable to certificate form GCAN-C-TX)

**THIS IS LIMITED BENEFIT GROUP SPECIFIED DISEASE COVERAGE. THE POLICY PROVIDES LIMITED BENEFITS FOR CANCER AND CANCER SCREENING PROCEDURES. THE POLICY DESCRIBED IN THIS OUTLINE PROVIDES SUPPLEMENTAL COVERAGE ISSUED ONLY TO SUPPLEMENT INSURANCE ALREADY IN FORCE.**

### THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.

**If you are eligible for Medicare, review the Guide To Health Insurance for People with Medicare available from the company.**

**Read your certificate carefully.** This outline provides a very brief description of the important features of the Group Specified Disease Insurance certificate. This is not an insurance contract and only the actual policy provisions will control. The policy sets forth in detail the rights and obligations of the policyholder, you and us. The certificate is a summary of the policy and is a written statement, including the certificate schedule, prepared by us to set forth a summary of benefits to which the covered person is entitled, to whom the benefits are payable, and limitations or requirements that may apply and amendments, riders and supplements, if any. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY.**

The certificate provides benefits if the first date of diagnosis of cancer or the performance of a cancer screening test occurs: while the certificate is in force; and if the cancer or treatment is not excluded by name or specific description in the policy or certificate. Cancer must be pathologically or clinically diagnosed. If cancer is not diagnosed until after the covered person dies, we will only pay benefits for the treatment of cancer performed during the 45 day period before the covered person's death.

**Home Health Care Services** **\$300 per day**

We will pay this benefit for up to the greater of: 30 days per calendar year; or twice the number of days any covered person incurs charges for and was confined to a hospital during a calendar year for the treatment of cancer.

**Waiver of Premium**

You, the named insured, will not be required to continue to pay premiums to keep your coverage in force if: the first date of diagnosis is while your coverage is in force; and you become disabled, as defined in the certificate, because of cancer after the effective date of your coverage and remain disabled for longer than three continuous months (90 days).

**Termination**

The policy can be cancelled by the policyholder or us. Your coverage will terminate if the policy terminates, if your premium is not paid, if you are no longer eligible for the coverage or if you ask us to end your coverage. If this is family coverage, coverage on your spouse and dependent children will terminate if the policy terminates, if premium for family coverage is not paid, if your coverage terminates, if you ask us to end their coverage or if you die. In addition, coverage on your spouse will terminate if you divorce your spouse or your marriage is annulled, and coverage on any dependent child will terminate when he no longer qualifies as a dependent child.

**Conversion Privilege**

If one of the following events occurs:

- your coverage terminates because you are no longer in an eligible class or your class is no longer eligible for coverage, or
- coverage of your spouse under the certificate terminates due to divorce, annulment or your death, or
- coverage of a covered dependent child terminates due to the child becoming married or reaching age 26, or
- coverage of a covered person who has received benefits for the treatment of cancer under the certificate terminates for any reason,

then such covered person may be eligible to obtain an individual policy of insurance (called the converted policy), without evidence of insurability. Obtaining that policy is subject to certain conditions, including but not limited to:

- Such covered person's coverage under the certificate must have been in effect for 12 months unless such covered person has received benefits for the treatment of cancer under the certificate.
- Application for the converted policy must be made to us within 31 days after the coverage terminates.
- The converted policy may have different benefits, limitations and exclusions and premium rates.
- If you are eligible for a converted policy, any spouse or dependent children covered under the certificate may also be covered under the converted policy. If a spouse is eligible for a converted policy due to divorce or annulment, any dependent children covered under the certificate may also be covered under the converted policy or they may remain covered under the certificate as you and your former spouse may elect. They may not be covered under both the certificate and the converted policy. If a spouse is eligible for a converted policy due to your death, any dependent children covered under the certificate may also be covered under the converted policy.
